If working from home isn't working for you, then this detached property next to the Meadows, will offer you a remote working area, without any of the home life distractions.

The property could be used for different business uses including having a handy lockup in the garage and then an office and meeting room to the first floor.

As the floor to ceiling feature window floods the room with natural light, it reduces the need for artificial lighting and gives you a nice backdrop of the woodland surroundings.

THE OWNER QUOTE

When I purchased the land for this property back in 2017, I would never have imagined what a peaceful and perfect location for an office and workshop/storage facility this has turned out to be. In truth it has become my man cave. A place to retreat from life as well as the perfect business setting for working and meeting clients. When you need a break during the day, just open the door and walk into the open countryside. The building offers the perfect blend of work/leisure balance.

To the person who purchases this property, welcome and I hope it brings you as much pleasure as it has me.
