Description

For sale via secure sale online bidding - terms and conditions apply.

2 x Offices and Storage Yard

Situated in a residential cul-de-sac close to Banstead High Street is this unique combination of timber clad buildings including a former garage to the front which has been converted to an office, a yard in the middle, and a principal larger office at the rear. The property is accessed via a secure gated pedestrian pathway. The former garage front office is accessed from a small gated courtyard which comprises; a lobby, office and shower room. The middle yard has a large storage shed, and the rear office which was originally built as a bungalow annexe includes 2 office areas (originally a lounge and bedroom), a fitted kitchen, a utility room, a shower room, a large outside store room and a paved garden. Whilst planning permission has not been granted, there may be some future hope value here that an application for change of use can be re-visited.

We have been advised the property has two Separate water meters and electric meters should the garage to the front want to be separated at any time.

Please note we have not inspected this property all interested parties must satisfy their own requirements regarding boundaries etc prior to bidding.
